

## TRUTH & RECONCILIATION COMMISSION

A diverse group is being sought to fill approximately 15 positions. Many others will be needed to serve on subcommittees of the commission. We are recruiting broadly to ensure a diverse representation in this work.

We are looking for prayerful people who can work together to create achievable goals.

- It is hoped that commissioners can begin initial work in March and present a basic plan at the 226<sup>th</sup> Diocesan Convention.
- Our goal is to identify a clear agenda and complete or reach clear milestones on this work by the 2012 General Convention.
- It is desired that representatives have access to email and website communication.

Please note the request for a short paragraph is to assure we have diversity of representation.

Thank you for your prayerful consideration as we seek to bring peace among us.

Please indicate your particular area of interest
